VIEWBOOK

Learn with *JOY*. Live with *PURPOSE*.

Students who attend and graduate from Hillfield Strathallan College (HSC) are eager for life. They're ready to forge new friendships, make new discoveries and explore new ways of seeing and being in the world. Our students have a strong

Hillfield Strathallan College
Learn with Joy. Live with Purpose.

sense of self and know who they are and where they're headed. They are children who come of age with a clear sense of purpose so that by the time they graduate, they are the best version of themselves and have the confidence gained from a lifetime of learning at one College within a safe and welcoming community. Empowered by HSC's rigorous academics, sound social and emotional

development and student-centred, Project-Based Learning (PBL), our students have confidence to succeed and the tools to face failure head on. They are community builders who embrace and champion diversity because they value integrity and respect individuality. HSC students are change-makers who will take on the world and make a difference.

SEE WHAT WE'LL DO.

THE HSC DIFFERENCE

An HSC education is unlike any other. We nurture the individual learner, and tap into the passions and interests of every student to feed their curiosities and spark joy in learning.

From the moment a student walks onto our 50+ acre campus in Hamilton, Ontario, their journey begins. Our dedicated faculty deliver a curriculum that ignites curiosity, builds excitement about learning and encourages students to explore their potential.

Starting as early as 18 months in our Junior and Montessori Schools, students drive their desire to learn through inquiry and imagination. Our Middle School students in Grades 5 through 8 discover who they are and what their interests are in a positive and supportive environment. In our Senior School, students in Grades 9 through 12 expand their horizons and take ownership of the educational pathways leading them into promising futures.

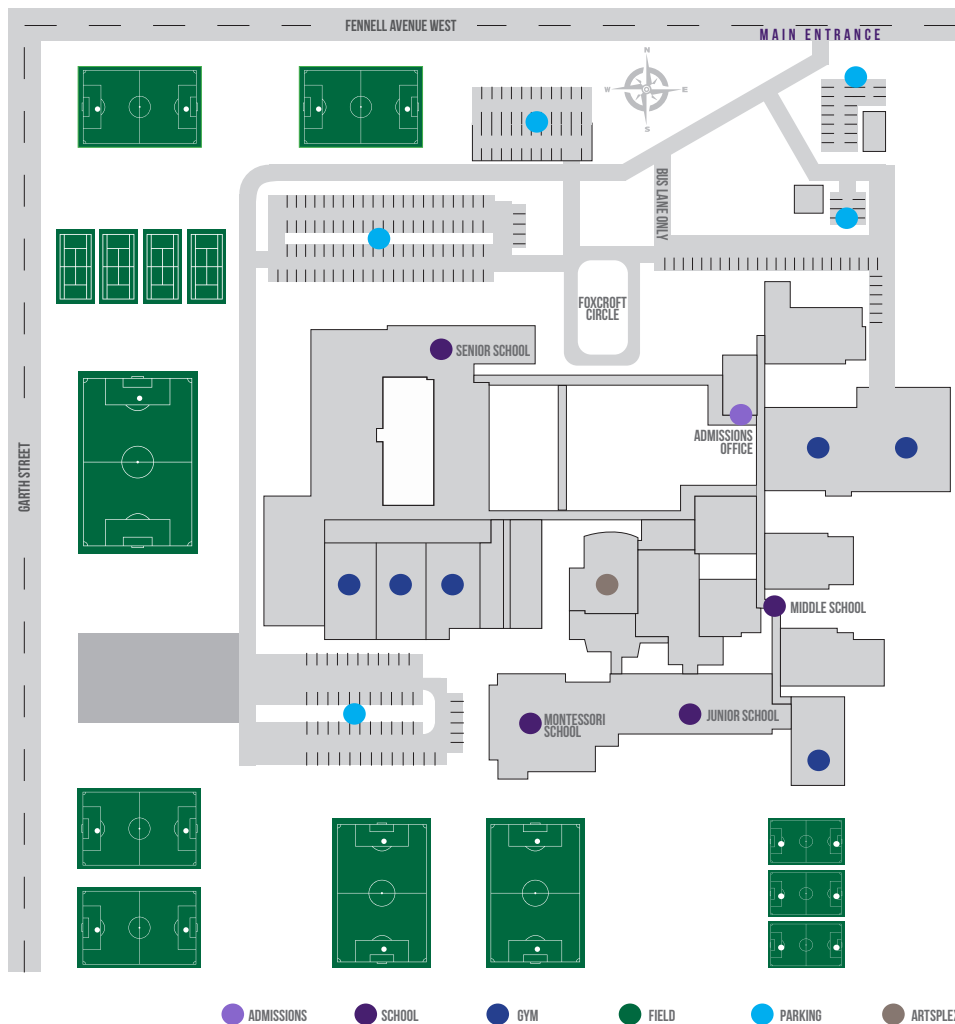

The graduate who emerges from HSC is inspired with the skills needed to live—and lead—with purpose.

OUR CAMPUS

Places to learn and grow

Whether you're 18 months or 18 years, our campus offers endless opportunities for experiential learning. Sitting atop the Niagara escarpment, HSC is conveniently located adjacent to Hamilton's vibrant downtown and the sprawling beauty of the Dundas Valley. From academics to arts to athletics, our state-of-the-art facilities feature recently upgraded gymnasiums and fitness studios, a world-class tennis centre, an artsplex auditorium as well as specialized classrooms such as science labs, robotics, visual art studios, student learning commons, numerous dedicated music rooms and a newly renovated community lunch hall.

A SENSE OF COMMUNITY

FROM 18 MONTHS TO 18 YEARS

Our campus is more than just a place. It's home to a community unlike any other. HSC families, faculty and staff create a welcoming and inviting learning environment where every student is met with care and respect. From toddler to teenager, each student can thrive under the support of the HSC family.

OUTDOOR LEARNING LANDSCAPE

50+ ACRES TO LEARN AND EXPLORE

When it comes to connecting with nature, our students don't have far to go. Our expansive outdoor campus boasts an assortment of exterior classrooms and gathering spaces that connect students to the natural environment while allowing them to focus on the importance of sustainable living. Our students delight in natural playgrounds, an arboretum, gardens and our many courts, quads and playing fields.

FITNESS AND ATHLETICS

STATE-OF-THE-ART FACILITIES

Athletics at HSC go far beyond co-curriculars and physical education. Supporting the need for physical literacy, our athletic and sports programming offers a variety of ways for students of all ages to reap the benefits of an active lifestyle. Home to newly upgraded gyms, fitness studios and a fitness centre, our athletics facilities support our budding athletes, while promoting physical strength, coordination and teamwork.

ART AND MUSIC FACILITIES

FROM PAINT BRUSH TO PIANO TO PLAYBILLS

HSC is home to a thriving arts scene with one-of-a-kind art and music facilities that bolster creative expression of all forms. Learners have room to expand their artistic pursuits with designated creative spaces across the College, including a digital design lab, multiple music rooms, a paint spray booth, the HSC Artsplex theatre and more.

MONTESSORI SCHOOL

18 MONTHS TO 9 YEARS

Through personalized curriculum and self-directed learning, HSC's Montessori School will foster your child's independence, self-esteem and a sense of responsibility, while giving them room to pursue their individual interests and passions. Our curriculum is designed to foster a love of learning and provide a strong foundation for our youngest students as they embark on their educational journey.

JUNIOR SCHOOL

18 MONTHS TO GRADE 4

In our Junior School, your child steps into a world of open-concept classrooms and interactive learning. Our Junior School embodies balance for your child in everyday life, with co-created routines and activities that are directed by both teachers and students, and a curriculum that's guided by each student's passions.

MIDDLE SCHOOL

GRADE 5 TO GRADE 8

Students in Middle School continue their individualized learning. With our strategic focus on developing the whole child, Middle School students are nurtured by a team of dedicated teachers, staff and enthusiastic peers. At this stage, students will progress academically while being introduced to service and leadership opportunities, which will help them develop into active, engaged citizens.

SENIOR SCHOOL

GRADE 9 TO GRADE 12

The Senior School years are a time of excitement —when young adults open their minds to the diverse and evolving possibilities of the global community and chart promising futures. From day one, we nurture, support and challenge students as they make important life decisions and equip them with the knowledge, skills and resilience to thrive in their post-graduate pursuits.

The Montessori curriculum and prepared-class environment have been an integral part of our College for over 50 years.

We are accredited by the *Canadian Council of Montessori Administrators (CCMA)*.

A separate wing is dedicated to the development of our Pre-Kindergarten students.

Respect, effort, attitude, control of self and honesty are character traits built into the *Reach for the Stars* program.

Middle School students benefit from technology integration and attend class with an educational device of their choice.

In addition to vocal practice opportunities in a choral ensemble setting, students begin formalized instruction on a band instrument.

More than 100 credit courses are available for our students to choose from.

Advanced Placement (AP) courses are offered in six subject areas making HSC the largest AP provider in the area.

WHAT'S NEXT

SEE
WHO
I'LL
BE.

ACADEMIC PROGRAM

One of the greatest benefits of attending HSC is the ability to take part in a seamless academic journey. This journey begins as a toddler and culminates 16 years later when they graduate as a Grade 12 student. When one institution is charged with overseeing the care and development of a child throughout this extended period of time, the degree to which the College and its teachers become familiar with the individual needs, skills and passions of a student is remarkable.

Over time, the College is able to develop deep and meaningful relationships with students and their families as we work together to support the overall development of the student. As students move from grade to grade, or make the transition from one school division to the next, the knowledge and understanding about a child's individual learning needs and preferences will move forward with them and be managed by teachers who are already attuned to the individual student.

We offer enriched academic programming for children throughout their HSC journey. We are committed to shifting practices and methodologies from a teacher-directed, content-oriented environment to one that is strongly influenced by student inquiry, creativity and innovation.

DIVERSITY, EQUITY, INCLUSION

Diversity at HSC means a College made up of people with a variety of identities, abilities, backgrounds, cultures, skills, perspectives and experiences. We recognize, celebrate, and honour our diversity, and we actively focus on institutionalizing equitable and inclusive practices and programs to ensure HSC is a place where diversity is celebrated and thrives. This includes ensuring that all members of our community feel safe and welcome. Visit hsc.on.ca/diversityaction to learn more about our DEI action plan.

WHERE EXCELLENCE IS A WAY OF LIFE

ENRICHED CURRICULUM

We develop our curriculum according to the requirements of the Ontario Ministry of Education and then enrich it to meet our own elevated standards. We also offer opportunities such as Advanced Placement (AP) courses to further challenge our students.

EXPERIENTIAL AND PROJECT-BASED LEARNING

HSC's Project-Based Learning approach provides students the opportunity to explore areas of passion in ways that make learning an engaging experience at every age and stage. Students have input into their personalized learning pathway and learn through inquiry and problem-solving—they are presented with scenarios to research, or, given the opportunity to delve into their own interests. The learning goals are the same for each student, but the process of exploration is as unique as the learner. From outdoor education in the Junior School to overseas exchange trips in Middle School and co-op placements in Senior School, authentic and experiential learning opportunities allow students to find, engage and seek solutions for real-world scenarios.

STEM/STEAM

At HSC, we believe in nurturing the whole child. This is why we integrate science, technology, engineering, arts and math (STEM/STEAM) into our curriculum. The STEM/STEAM curriculum is a cohesive learning philosophy that engages the whole child in real-world examples that offer an authentic learning experience.

PHYSICAL LITERACY

The physical literacy program at HSC was developed to help strengthen physical, social and emotional development in our students. We help foster a positive mindset around physical activity, one that is carried with our students for life. Our student-centred, progressive development of physical literacy is age- and stage-appropriate.

VIRTUAL LEARNING

HSC students remain connected to learning through *myHSC*, our online education hub and community portal. Students, teachers and parents use their unique login to stay informed on curriculum progress, find project information, class updates and more on this virtual database. In the event of a snow day or College closure due to inclement weather, students can continue their learning from home using this online tool.

STUDENT SUPPORT SERVICES

WE'RE WITH YOU EVERY STEP OF THE WAY

INFORMATION TECHNOLOGY CENTRE

Our IT team is available to support students and parents in navigating our digital learning platforms. In addition to on-campus support, the IT department oversees *myHSC*, ensuring all faculty, staff, parents and students have the tools and systems needed to succeed.

STUDENT SUCCESS CENTRE

The Student Success Centre is available to our Senior School students to help guide them through the post-secondary application process and prepare them for their next educational journey. Specialized guidance counselors address the academic, career and personal goals of each student.

LEARNING SERVICES

Our dedicated Learning Services Specialists are available to ensure all of our students are reaching their full potential, with individual plans for success and support.

STUDENT WELLBEING

We support our students in a holistic way. The team of healthcare professionals who make up our Health and Wellbeing Services includes a Registered Nurse, Registered Practical Nurse, Athletic Therapist, Social Worker and College Counsellor.

SOCIAL EMOTIONAL LEARNING (SEL)

We are committed to nurturing the whole child and to addressing students' social and emotional competencies in and out of the classroom. At HSC, SEL integrated academic instruction includes developing healthy identities, managing emotions and achieving personal and collective goals, feeling and showing empathy for others, establishing and maintaining supportive relationships, and making responsible and caring decisions.

REGISTERED NURSES

Every student has access to full-time registered nurses and first aid support. The nursing team supports the safety, health and wellbeing of all students. Some of their services include prevention activities, coordinated care, allergy management plans and wellbeing initiatives.

ATHLETIC THERAPY

Student athletes have access to first-class facilities and one of the best athletic therapy clinics among independent schools in Canada. Our clinic makes use of ultrasound, laser therapy, Interferential Current Therapy, hydrotherapy tubs, TENS and muscle stimulation.

COUNSELLING AND SOCIAL SUPPORT SERVICES

HSC's in-house counsellor works collaboratively with our social worker when needed to see students and parents from across the College for support with emotional and social concerns. We offer individual counselling and information on coping skills, stress management and overcoming obstacles.

CO-CURRICULAR COMMUNITY ACTIVITIES

By exposing students to a variety of enriching experiences, we afford them a greater opportunity to realize their potential. Beginning at age six, students have access to broad co-curricular programming which is included in student tuition.

ATHLETICS

Through sport and movement, student-athletes develop the skills of leadership, sportsmanship and resilience. At the early education level, our athletic program provides a supportive introduction to teamwork and competition. In higher grades, we offer several varsity teams that are highly competitive in several sport leagues, including CISAA and OFSAA.

ARTS

Our students express artistic passion and develop creative abilities through a multitude of co-curricular offerings. Students can get involved with our major theatrical productions, visual arts committees or our award-winning choral groups and bands. Under the tutelage of distinguished instructors, our students earn numerous regional, national and international accolades.

LEADERSHIP

Leaders take initiative and actively engage in events and activities to build community and unite people in a common cause. Identified student leadership programs exist in each of our four schools. We encourage every student to initiate programs that augment the spirit of our College and provide opportunities for others to become involved in school life.

SERVICE

Giving back to society better the world for future generations. Every year, multiple student-led groups emerge to address local and global needs for service. Students embrace the responsibility to be lifelong contributing members of their communities.

TRADITIONS

For more than a century, HSC students, faculty, staff and families have rallied around shared values and ideals, coming together to commemorate cherished traditions that capture the spirit of our two mottos: excelsior (ever higher) and velle est posse (where there's a will, there's a way). We continue to celebrate the legacy of this great institution and the moments that have contributed to our way of excellence. Events such as the Prefect Installation, Remembrance Day and Carol Service gatherings, Chapel assemblies every week, House games, Homecoming and Alumni reunions all serve as staples in the College calendar and traditions that bolster school spirit and reinforce HSC's mission of joyful and engaged learning.

HOUSE SYSTEM

The House System is one of our oldest and most successful traditions that we use to bring our community together. It provides a continuum for the purpose of mentoring, special activities, service and competition. Each House combination boasts its own colour and is named for a Canadian tree or Scottish river—a nod to HSC's founders. Family members are placed in the same House across generations. Each House is supervised by staff members and student House officials. New students are sorted into a House early in the school year and Co-Captains are voted into office by the other students in the House and by faculty. Students are awarded points for achievement in academics and activities. There are awards granted at various levels of point accumulation and several prizes awarded annually for the Houses contributing the most to College life.

BRINGING HSC TO YOU

TRANSPORTATION

Included in tuition is our main-route bus transportation program. Our bus drivers cover 27 routes each day within a one-hour radius of our College. Students enjoy morning pick-up and can select from two afternoon drop-off times, departing at 3:30 or 5:00 p.m., to accommodate family schedules and co-curricular community activities. See our bus routes at hsc.on.ca/busroutes.

SCHOLARSHIPS AND AWARDS

We offer both merit-based and needs-based scholarships to exceptional students entering Grades 7 and 9. Successful applicants earn scholarship awards that are applied to tuition fees to help more students benefit from the learning environment at our College.

FINANCIAL AID

Our financial aid program assists parents and guardians who expect their annual income to grow as their children grow. The program affords families an opportunity to enrol their children immediately and work up to paying full tuition fees.

NOURISHING MINDS AND BODIES

We believe positive food culture is linked to academic performance and a student's wellbeing. As a College, we promote high standards of student nutrition. In Lawson Hall, students can choose from a variety of freshly prepared and hot lunch options in addition to our full salad bar and sandwich selections. Students Grade 8 and under are also included in our snack program.

INGREDIENTS COUNT

Meals are prepared from scratch using local Ontario ingredients. All of the food we produce is high in whole grains, naturally low in sodium, prepared using healthy cooking techniques and portioned appropriately.

ALLERGY AND LIFESTYLE ALTERNATIVES

We strive to ensure that every student eating in Lawson Hall has access to nutritious and safe food. As part of our allergy awareness program, common food allergens used in recipes are noted with every meal served. Junior and Montessori School students are also assisted by faculty members when making their meal choices at lunch time. We make every effort to meet any additional dietary requirements.

SUSTAINABILITY

Environmental sustainability is integrated into every aspect of College life as a pillar of our Strategic Plan. Most, if not all, decisions are made through the lens of sustainability. Since 2019 HSC has been tracking and reporting on our greenhouse gas (GHG) emissions and overall carbon footprint with the goal of becoming carbon neutral by 2030 and negative by 2050. Making sustainability a part of our Strategic Plan and our Campus Master Plan confirms and ensures promotion of sustainability efforts.

In 2021, the College joined the Climate Action Accelerator Program, which is a collaborative program that integrates facilities staff, educators and students with a common goal of creating and maintaining a sustainability program. We have recently developed a survey to measure climate action initiatives within the curriculum and have created joint projects across the College integrating facilities with student learning (e.g., our LivingPlanet@School in partnership with World Wildlife Fund [WWF]—a program intended to enhance our community’s understanding of the importance of our campus as part of the watershed of Cootes Paradise Marsh and adjacent to the UNESCO World Biosphere Niagara Escarpment). Through project-based learning, students learn what it takes to ensure healthy, natural ecosystems while increasing their interest in environmental issues and inspiring environmental leadership and action. Other projects include the HSC Honeybee Hives and HSC Food Forest, which mimics a natural ecosystem in which food-producing plants are chosen for specific reasons. Our food forest will work in conjunction with the beehives on campus and various other wellness and food gardens across the campus. to meet any additional dietary requirements.

OUR FAMILY

At HSC, each child is known. They are challenged to do their best and supported in that pursuit. Our community is further supported by the contributions of several key groups.

STRATEGIC PLAN

HSC's Strategic Plan is the result of a collaborative process bringing together many voices across our community to identify priority areas of growth at HSC: personalized learning; purposeful and sustainable learning environments; resilience and wellbeing; and a whole College-inclusive and connected. We have always been focused on providing a first-rate education for students and this plan lays the foundation for how we will move forward together to support our joyful, engaged and inclusive community. To learn more about HSC's strategic vision and goals, visit hsc.on.ca/strategicplan.

PARENTS' GUILD

The Parents' Guild (PG) proudly supports our vibrant College community and provides opportunities to gather and enjoy time together. They plan and host events that build school spirit while raising funds that directly impact the educational experience at the College.

ALUMNI ASSOCIATION

Our Alumni Association provides a lifelong connection to the HSC family. This vital network of former HSC students offers a wealth of experience and networking that gives graduates opportunities for growth beyond our campus walls. Even when students leave our College, they remain an integral part of our community.

HSC GOVERNANCE

Our Board of Governors and Trustees are composed of individuals committed to the successful stewardship of the College. Members are elected based on their demonstrated ability and desire to effect a positive direction for the College.

FACULTY AND STAFF

The majority of our faculty members are specialists in the subjects they teach. Many hold master's degrees, doctoral degrees or additional qualifications in their area of teaching. Our teachers bring learning to life and are devoted to meeting each student's needs. Our community also includes over 100 skilled kitchen, transportation and administrative staff.

STUDENTS

More than 1,200 students from 18 months to 18 years make up our diverse student body, with each student admitted to HSC offering something unique. Our non-denominational school offers a robust learning environment where our students can truly explore their interests from day one. Our students exemplify what it means to have a joyful, engaged and inclusive community.

HSC GRAD

PORTRAIT OF AN

WHAT DOES IT MEAN TO BE AN HSC GRAD?

The HSC archetype exists to empower students, educators, and community members to understand and articulate the skills and knowledge needed to be successful. Through open and honest dialogue, surveys and brainstorms, HSC's students, faculty and alumni reflected on the shared vision and values of our College to ensure our ideals become a reality for every student, without exception. Ultimately, HSC's Portrait of a Grad helps us answer questions like how do I live, how do I learn, and how do I define success. With this in mind, we can continue to drive system transformation or purposeful integration of curriculum and experiences that intentionally cultivate coveted skills, attributes and literacies, including:

Technology skills

Financial literacy

Negotiation

Research skills

Growth mindset

Drive and determination

Wellbeing and balance

Global citizenship (languages, cultures, pluralism)

Inspiration, passion and confidence to go after what you want

Interpersonal skills (respect, communication, emotional intelligence, teamwork, problem-solving, conflict resolution)

Intrapersonal skills (coping, self-confidence, resilience)

Bonding skills (with classmates, family, colleagues)

MANVI BHALLA '15

DANIELA D'AMBROSI '16

CHARLIE BONTIS '21
AND DINO BONTIS '22

OUR ALUMNI

Graduates of HSC are highly sought after, and traditionally our students receive more than \$500,000 in post-secondary scholarships annually. We are proud that students at HSC follow their realized potential, along with their individual passions and interests as they move onto their post-secondary schools of choice.

Our Alumni represent a staggering breadth and depth of accomplishments. As a community, our students never really leave HSC, and that's where today's HSC students benefit. Our graduates come back as speakers, mentors and role models. Our Alumni share their gifts of time, talent and treasure ensuring to give back in the way that their predecessors had to them.

In addition to completing her PhD at the University of British Columbia's Institute for Resources, Environment and Sustainability, **Manvi Bhalla '15** is an active community organizer working to address issues related to climate justice, health and gender inequities, anti-discrimination and racism. Recognized as one of Canada's leading youth activists, Manvi has received numerous awards including most recently being named 'Youth Eco Hero of the Year' in 2022 by Planet in Focus. Her current roles include co-founder and president of the national youth-led registered nonprofit Shake Up The Establishment as well as co-founder and director of missINFORMED, a nonprofit working to improve the health of women and gender-diverse peoples. She is also a member of the Canadian Coalition for Environment and Climate Justice and joined other leaders as part of the British Columbia Council for International Cooperations' delegation to the 66th session of the United Nations Commission on the Status of Women in March of 2022.

Since graduating from Western University with an honours degree specializing in accounting, **Daniela D'Ambrosi '16** has made a name for herself as a rising young leader at Royal Bank of Canada (RBC). Daniela, who also serves as HSC's Young Alumni Representative, was among a small team tasked with reimagining RBC's approach to the Sarbanes-Oxley Act of 2002 and oversaw a team of roughly 50 as Senior Manager, Strategic Initiatives and Innovation Lead with the Chief Audit Executive Group. More recently, Daniela won the Chief Audit Executive Award of Excellence and has been tapped to oversee the launch of RBC's SOX Centre of Excellence in Nova Scotia.

Growing up in Ancaster, the Bontis brothers **Charlie '21 and Dino '22 Bontis** both played for Hamilton Sparta before being recruited to play for the Toronto Football Club's Academy team. Their busy training schedule required a unique academic schedule made possible in part by the flexibility and support they found at HSC. In the spring of his final year at HSC, Dino signed a development contract with Forge Football Club, Hamilton's Canadian Premier League team. The contract allowed him the opportunity to train and play professionally while also being eligible to play on Western University's team. Charlie has made a name for himself as a versatile player with a unique ability to play many different positions. In 2022 he was ranked among the top Ontario University Athletics players for most points (goals plus assists). Both young men are intent on graduating from Western's Ivey Business School and expect to apply their degrees to careers in soccer.

2018 – 2023 GRADS

Our recent graduates from 2018 – 2023 have gone on to study at top institutions in North America and the world.

3 EASY STEPS TO APPLY

START YOUR JOURNEY TO LIFELONG SUCCESS

Book a 1:1 personalized meeting with one of our enrolment officers today. Each meeting is tailored to your child's individual learning needs. Explore the campus and learn more about HSC's first-rate academic program.

Should you have any questions, please do not hesitate to reach out to a member of the admissions team by calling 905-389-1367 or emailing admissions@hsc.on.ca.

1. LEARN MORE!

Visit hsc.on.ca/learnmore to register for an upcoming open house or to book a 1:1 meeting with an enrolment officer.

HSC is pleased to offer several merit and needs based scholarships and bursaries annually. Check out our offerings at hsc.on.ca/meritawards

2. CHECK AVAILABILITY

Visit hsc.on.ca/admissions/enrolment-opportunities to view the enrolment status of each school or contact admissions@hsc.on.ca for details on waitlists.

Apply now! Even if your desired grade or school is full, accepted applicants can be placed on a waitlist.

3. APPLY TODAY

Spots are limited!
Apply today to avoid disappointment.
Visit hsc.on.ca/admissions to begin
your online application.

Follow these steps to apply online

- Click on the admissions tab
- Review the **admissions process**
- Click ‘apply now’ on the right-hand side
- You will be prompted to create a new account on **myhsc**
- Begin your application

WHAT'S NEXT

Our core mission is to develop joyful and engaged students who live life with purpose.

The best learning happens when students are happy to come to school, have opportunities to follow their passions, and participate in deep learning experiences that challenge them.

Joyful, engaged students develop strong relationships with their peers and with the caring adults who spark and support their learning both inside the classroom and beyond.

Their journey at HSC prepares students to live with purpose—to understand their world, inspire, lead, act, and make a difference in their own unique ways.
