Principal's Welcome

I would like to welcome you to Webtree Academy, a school that is focused on partnering with students and parents on taking the first steps together. At Webtree Academy we understand that every student is unique. We have students from over 20 different countries and our primary mission is to recognize, cultivate, and optimize the unique strengths of each student. Helping students find their passion and goals is one of the most rewarding parts of being an educator. This individualized approach leads to high student achievement. In addition to attaining academic success, we strive to help students develop a global vision, a sense of citizenship, and a critical mindset. All of which are essential in this brave new (post-COVID) world of ours. As a school that hosts students from more than 18 countries Webtree Academy is a home away from home for students, and a school where they will grow, laugh, learn, and shine! Thank you for taking these first steps with us, and we are excited for the journey.

Dr. Wesley M. Davis

About Webtree Academy

Webtree Academy (BSID#883796) is an educational academy located in the dynamic and diverse metropolis of Toronto, Canada's largest and most renowned city.

At Webtree, we use an innovative, creative, and nurturing educational approach in providing our students with an individualized quality education which prepares them to become responsible, engaged citizens, future leaders and innovators.

As a Ministry of Education-inspected private school, we dedicate ourselves to providing our students with diversified programs which fully support each individual's academic needs. We also offer customized academic consulting and career planning, facilitating our students in achieving student success and fulfilling their personal goals.

At Webtree, we offer Credit Courses, English Programs, Tutoring Programs and Additional Support for students. Webtree Academy is prepared to accelerate and optimize the learning experience using the cognitive approach to earning credits and self-improvement at the learner's own pace.

We have exceptionally educated and qualified teachers who have earned their Master's or Doctorate degree, and/ or are OCT (Ontario College of Teachers Certification). Our instructors are of the finest distinction and are able to accommodate any scholastic, and all language-acquisition needs.

The Academy operates during the entire year, including summer session, supporting mastery learning for academic success, as well as skills development. Using comprehensive technologies and sound pedagogy to enrich the learning experience, we provide our students with a context in which they are able to build their knowledge and skills and perform with excellence.

Our Unique Story

The Webtree Academy was founded in order to provide the best education and support for each and every student. Webtree was born from the necessity that education should be both individualized and focused on our students' advancement in order for successful placement in the top Worldwide universities and colleges.

Rapid technological developments, changing workplace requirements and our complex bilingual and multicultural societies all create demands for a wider range of educational programs and smaller class sizes to meet individual student needs. And yet, in our public schools class sizes are exploding and teacher to student ratios are continuing to expand with a larger and larger gap every year. Students are not getting their individualized educational needs met because there just isn't enough time in the day or teachers to handle the numbers. Webtree was founded in order to put the student first, above all! Our small class sizes, exceptional instructors, skilled staff and additional support and programming, provide our students with more than just a degree. We are able to teach, support and enrich every student along the way, not just provide curriculum.

With a class size of up to only 10 students, our classroom experience is unparalleled and unique. With tailored, individualized teaching with nothing less than an experiential approach, we offer outstanding university preparation. 100% of our graduates attend the universities and colleges of their first choice.

We have:

- 150 students including full time, part time and tutoring students
- an average class size of 5 students to 1 teacher
- 18 countries represented in our international enrollment
- 100% of our graduates are accepted into university programs of their choice
- we provide a minimum of 8 top-notch exceptional workshops
- workshops are specifically designed for individual success.

We are committed to providing highly personalized education for everyone. Every one of our students has a seat in forefront of the classroom; everyone is engaged and receives the undivided attention of the teacher. This encourages the full involvement of the class every day. Webtree facilitates a participatory atmosphere where every student gets plenty of individual attention and their educational needs are met and supported.

Our academy provides more than a curricula. We provide guidance and support, recognizing skills for thriving at school and beyond.

Our Mission

Our Webtree mission is to inspire and create globally responsible citizens who are empowered towards action & excellence, creating an empathetic future.

Our Vision:

Inspire students to take ownership of their unknown future.

Our Values:

- Respect
- Tolerance
- Empathy
- Critical Thinking

Our Guiding Statement:

At Webtree Academy:

- We value **RESPECT**
Admiring the abilities, qualities, achievements, and feelings of all people.
- We value **EMPATHY**
Understanding a person's emotional point of view, without it being explicitly communicated.
- We value **TOLERANCE**
Accepting the differences of beliefs, practices, traditions, and behavior that differ from our own.
- We value **CRITICAL THINKING**
Evaluating information objectively, from multiple data sources, to formulate an independent conclusion.

Our Experienced Educators

At Webtree Academy, 100% of our teachers are certified, with advanced degrees (MA & PhD's). We pride ourselves on the exceptional quality of our teachers. Most being veteran educators of the OCT (Ontario College of Teachers), which has helped to catapult Canada into the one of the top 5 global educational performers in the world. Our teachers are experienced, well-educated, professionally trained, and truly care about each student.

Mr. Henry Michels: Founding Principal
(OCT, MA, 35 years + teaching experience)

"Education has been a lifelong passion of mine. It has the transformative power to change lives and continually redefine the limits of what can be achieved. It is the most effective way we can ensure that young people become productive and engaged adults. At Webtree Academy, we value each student's uniqueness. By recognizing areas of strength and identifying areas requiring improvement, we personalize the academic experience. This individualized approach leads to high student achievement!"

Dr. Wesley M. Davis, Principal
(PhD, OCT, 15 years + teaching experience)

"Every child deserves a champion; an adult who will never give up on them, who understands the power of connection and insists that they become the best they can possibly be." Rita Pierson. I became an educator because I wanted to make a difference. I believe that every child has a gift, and for some, it takes a little more nurturing to discovery. The joy I get from education is watching a child discover their gifts. To me it's the most rewarding feeling in the world.

Profile of Our Graduates

Students at Webtree Academy are challenged to reach their full academic potential, with a 100% acceptance rate to the top Canadian Universities and universities worldwide.

How An Individual Plan Is Created

No two students at Webtree Academy have the same education plan. Each student has a unique plan built to help them succeed in school and in life.

Upon entrance, our academic consulting team and teachers work with each student to understand their unique skills, academic background, and passion.

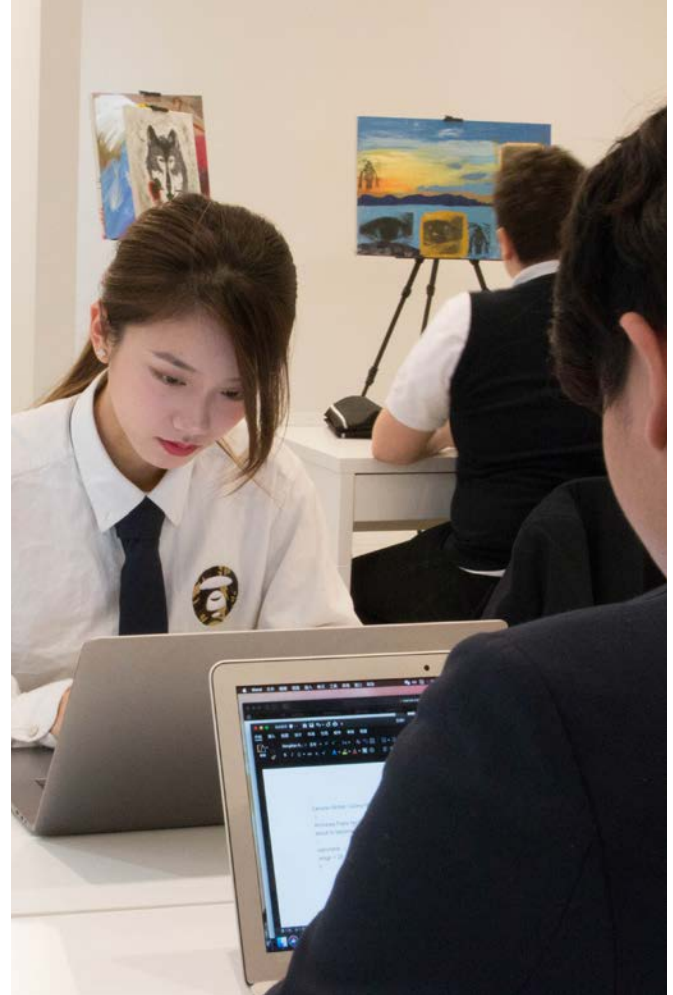

Step 1
Consultation and Assessment

Step 2
Initial Study Plan Creation

Step 3
Follow Up and Adjustment

Step 4
Professional Support and Evaluation

Step 5
Equipped for University

We emphasize individualized methodologies tailored for the needs of each pupil. Our pedagogy is focused on leveraging the teacher/student relationship in more engaging and supportive ways. Students are supported in their academic and extracurricular pursuits by exploring goals and regular one-to-one contact with their instructors and guidance counselors. Teacher advisors meet daily with students and monitor their academic, social, and personal development. Students and parents are treated as partners, and are in constant communication with the teachers, administrative staff and Principal. At Webtree Academy, we go that extra mile to ensure your child is safe, happy, and future success.

Our Unique Qualities

Academic Excellence & Rigor

- Small class sizes to effectively engage EVERY student on EVERY day.
