OUR CAMPERS

Most participants (ages 7-16), have one or more of the following diagnoses: ADHD, Autism, Learning Disabilities, Tourettes, Anxiety and other neurodiversities. A formal diagnoses is not needed to come to Camp Kirk.

"Throughout the entire Camp Kirk experience, we have felt seen, heard, understood, and accepted. As a mom who is always fighting for services and supports so my son can 'fit' into what is being requsted of him to do and achieve... Camp Kirk gave him strength and a place to just be himself"

"Camp Kirk changed by child's life. My child just started university in the fall. I have no doubt it will be a struggle at times. But I am not exaggerating when I say that the self-esteem, self-acceptance and self-belief that Camp Kirk helped my child to find in themselves will probably be the difference between success and failure"

EMPLOYMENT PROGRAM

For neurodivergent adults 19+, we offer paid summer work experience as camp counsellors, program and kitchen/care staff. There is an extra layer of support with individual care plans and guidance provided by our Mentorship Director.

To find out more or to donate, please go to:

Call: 416-782-3310

We are located just east of Kirkfield about 1.5 hours from Toronto

All illustrations and designs are original works created by Sheridan College Illustration students: Nikkita Rose Couto, John Felipe Mangrobang, Johannes Blum, Catherine Seto.

Camp Kirk is a registered charity #13655-2643-RR-0001

CAMP KIRK

EMPOWERING NEURODIVERGENT KIDS AND YOUTH TO REACH THEIR POTENTIAL

OUR CORE VALUES

FOCUS ON STRENGTHS

Empowering kids to embrace their differences.

FUN

For kids to learn and grow.

CUSTOMIZED CARE

We go the extra mile to understand our campers.

RELATIONSHIPS

Fostering postive relations is the cornerstone of our programs.

OUR HISTORY

Since 1993, our flagship summer camp has provided a community where everyone can embrace their differences and harness their strengths. With our high staff-to-camper ratio, our programs are tailored to the needs of neurodivergent kids and youth.

OUR PROGRAMS

We create small group environments, non-competitive programing, and a focus on strengths. Our programs create a brave space for our campers to discover what they have to offer the world.

LEADERS IN TRAINING

Camp Kirk's Leader-in-Training (LIT) program is designed to support neurodivergent youth ages 17-18 as they navigate the transition to adulthood.
The 2-year LIT Program helps develop their leadership potential, independence and employment skills within the support of the Camp Kirk community.

REDUCING BARRIERS

A family's financial situation should not stop their child from taking part in our programs. We fundraise year-round to subsidize all of our camper fees and provide financial aid to families that need it.
