

Lower School (Grades 1 – 7)

In the Lower School students develop a love for learning, and build social skills and work habits in each area of a well-rounded academic program. Small class sizes and subject specific teachers allow for curriculum enhancement at every level.

In the early grades, the curriculum focuses on a systematic approach to cultivate phonetic, literacy and mathematics skills. As students mature and their reasoning capacities increase they are gradually presented with more complex ideas and concepts. The budding intellect is challenged through courses at an advanced level in the humanities and sciences. By the time they reach the Upper School, students have acquired knowledge of the main historical periods with an awareness of the corresponding developments in literature, science and philosophy.

Extra & Co-Curricular Activities

- Drama Club
- ALOHA MindMath
- Home Arts
- Student Council
- Robotics
- Strings Ensemble
- Athletics
- Nature Studies (Gr. 1-2)
- Spanish (Gr. 3-4)
- Drama & Calligraphy (Gr. 5)
- Computer Skills (Gr. 6-7)

“It is fantastic to see the girls developing, now starting to draw connections and develop their critical thinking. So very, very important, and one of our goals for our daughters and their education at Hawthorn.”

Mrs. Arruda,
Grade 5 Mom.

“My years at Hawthorn were transformational in so many ways. It was here I truly found the love of learning. School wasn't just about memorization and marks - it was a place of discussion, reflection, and making connections. The teachers, students and staff created an environment where every student felt safe, loved and confident. There were so many opportunities to participate in sports and extracurricular activities so each girl was not only intelligent but also well-rounded.”

Greatness of Heart

About Us

In 1989, a group of parents and educators founded a school specifically for the purpose of educating the whole person. The founders dreamed of a school that would recognize parents as the first and most important educators in their children's lives. They envisioned equal priority being given to the pursuit of academic excellence and the development of character.

Strings Program

Our Mission

Work closely with parents in shaping the leaders of tomorrow. Provide a unique well-rounded education that develops both character and intelligence, so that our students become confident women of integrity and faith committed to the betterment of society.

The School Building

The Hawthorn Difference

Hawthorn's all girls environment, small class sizes, and one of the lowest student-to-teacher ratios in the country, provides a unique kind of student-by-student learning that is proven to differentially prepare students for reaching and succeeding in the next phase of their learning-and beyond.

Five key pillars:

- Pursuit of Excellence in Education
- Personal Mentorship
- Partnership with Parents
- Leadership through Service
- All Girls Advantage

Our Students

Upper School (Grades 8 – 12)

Hawthorn's Upper School delivers an ambitious liberal arts education, preparing the leaders of tomorrow for university, the workplace, family life, and the world beyond. The requirements of the Ministry of Education for the Ontario Secondary School Diploma are surpassed through learning opportunities both inside and outside the classroom.

Hawthorn's compulsory courses fine tune students' capacity for critical thinking, round out their cultural literacy, and serve to educate the whole person: body, mind and soul.

Classroom instruction is reinforced with a wide range of extra-curricular opportunities including sports, debating, subject-specific clubs, and international travel. Technology is used as a tool to enhance learning and students integrate it into their work.

Clubs and Extra Curricular Activities

- Veritas (Student Newspaper)
- Drama Club
- Math Club
- International Explorer's Club
- Yearbook Club
- Student Council
- Robotics
- Financial Wellness
- Strings Ensemble
- Athletics

Technologies Class

"My husband and I are very pleased with Hawthorn school. The family atmosphere, the strong emphasis on character development and the rich curriculum are just a few of the schools' strong points that we find most appealing about Hawthorn."

Bridget Santaguida
Mother of 2018 Graduate

"My years at Hawthorn were transformational in so many ways. It was here I truly found the love of learning. School wasn't just about memorization and marks - it was a place of discussion, reflection, and making connections. The teachers, students and staff created an environment where every student felt safe, loved and confident. There were so many opportunities to participate in sports and extracurricular activities so each girl was not only intelligent but also well-rounded."

Our Students

Hawthorn School for Girls

Small School. Big Difference

Junior School (JK & SK)

Students in the Junior Program are exposed to a wide variety of subjects and their natural curiosity is encouraged to help them gain knowledge of the world and the truth of things. Preparation for later critical thinking is facilitated by emphasizing order and by providing a predictable and consistent learning environment. The Junior Program's core subjects of mathematics and language are carefully structured to help young students develop their ability to think logically. A well-rounded education is provided through the other specialty subjects, including French, art, music, physical education and science. Students learn sound study skills and work habits in each area.

Field Trips

“We see the great value the Hawthorn Junior School program has had in the education of our children. It has given them the best foundation they could have, not only from an academic stand point but, in teaching them to be good and responsible children”

Mr. and Mrs. Saishio
Junior School Parents

“My years at Hawthorn were transformational in so many ways. It was here I truly found the love of learning. School wasn't just about memorization and marks - it was a place of discussion, reflection, and making connections. The teachers, students and staff created an environment where every student felt safe, loved and confident.
